CELEBRATED ARABIANLINIMENT IT IS A FACT ESTABLISHED and well known that the Arabians attained a height in the knowledge of medicine which caused the whole world to wonder and admire. With them the science of chemistry had its both, and it is, therefore, not at all strange that a people so eminently successful in the healing art, and so persevering and daring in character, should, by actual and untiring experiment, discover reacedies far surpassing in efficiency all others, for the cure of those diseases incident to them from their mode of life. The greater part of their time being spent in haz-ardous and bloody warfare with the different tribes, they were subject to the most violent attacks of rheumatism, paralysis, nearalgie pains, and various inflammatory diseases, as also the most horr'd wounds, sprains, bruises, tumors, Sher swellings, diseases of the joints, etc., etc. All these diseases French and Mainsook Twills, Book Twills, In short, we they were so surprisingly efficient in curing, that the unin- have a large assortment of the above Goods, which we will idiated looked with wonder and attributed their skill to the sell very low. mar? FARRELL'S ARABIAN LIVI-MENT is a composition of balsams and oils, from rare plants peculiar to this country, and it was by the use of the articles composing this great remedy that not only their physicians, but even the wild Arabs of the desert were enabled to perform such miraculous cures. The Arab steed is world-renowned for his beautiful symmetry of form, his unsurpassed speed and agility, and the incredible fatigue he is capable of speed and agility, and the incredible fatigue he is capable of enduring. Why is it? Because from the time of his birth his limbs are certainly watched, and upon the first appearance of disease the magic lotion is applied, and such things med do, Honiton Val. and Needle-worked Sleeves, Collars, as confirmed sweeny, poll-evil, fistula, ringbone, scratches, &o., Valencienes; Laces, Edgings and Insertings, Swiss and spavin, lameness, etc., etc., are unknown. The public are cautioned against another counterfeit, which has lately made its appearance, called W. B.
